Guest Teachers: Each summer, City Ballet provides Guest Teachers from top level Companies and training programs for students taking the Half Intensive Plus and Full Intensives (see below). Our City Ballet Faculty also consists of nationally recognized and accomplished teachers that are frequent Guest Teachers for many top-level training programs around the nation. (We will notify dancers as Guest Teachers are scheduled.)

Note: We recommend taking the same schedule for consecutive weeks – it helps students physically and they improve and retain what they learn at a much faster rate. Alternating weeks is not recommended for summer scheduling. To see the very best progress (and not just maintain what they have achieved during the school year), the levels listed below should take 5-7 weeks of Summer Intensives.
